Ahead of the Curve

Breaking into the visual art scene in **2009** — years before it became standard. Lead Visual Designer and Vj for the first EDM tour by Live Nation :Identity Festival

The Story

- **Son** of a professional **drummer** — raised on music theory and rhythm from a young age
- Couldn't pursue drumming — picked up a DJ mixer and two belt-drive turntables instead
- Learned to beatmatch from scratch, built out full DJ sets
- Moved to analog production: Akai MPC 2000, keyboards, drum pads
- Produced a hip-hop album with rapper Tree Woods — toured nationally opening for Method Man
- Music production skills became the foundation for pioneering live visuals
- Held many Dj residencies and then began pioneering the Vj scene
- Lead visual designer and main stage VJ for ID festival : The first and largest national EDM tour from Live Nation
- Founded **MELT EVERYTHING** — premier creative technology studio
- Full circle: returning to music as **INFINIGHT**
